

Name: **Salomón Bautista Moncada**

Phone Number: 664-157-3334

E-mail: sbmoncada25@outlook.com

Professional Summary:

Industrial Engineer with 25 years with hands on experience in maquiladora industry on various business models (Metal-Mechanic, Medical, Food & Electronic) covering various positions in the engineering field (Product, Process, Continuous Improvement & Project), as well as the Quality engineering position (Process Audits, ISO/TS 16949:2002 standards, APQP, PPAP, PFMEA, PCP, SQE) & Logistics engineering (Line transfer, Kanban, new building layouts, new machinery purchase and transportation follow-up).

Work Experience

1- SMURFIT WESTROCK Bag in Box. (CORRUGADOS DE BAJA CALIFORNIA S de R.L. de C.V.) (2022-2024).

Type: Bag in Box División for the Food Industry.

Position: **Project/Logistics Engineer.**

Achievements in Smurfit Westrock.

- Project Budget calculation and management.
- Elaborate and prepare documentation necessary to acquire legal permits (County, State, Federal & IMMEX) for construction and plant production operations.
- Establish building Layout (Office, Production Floor and Warehouse) and process flow function planning and construction execution for the new facility's and over see that meets with legal requirements, FDA, Insurance & FSSC 22000 Standards.
- Construction of 3 new clean rooms, plan the disassembly, transfer and assembly of 2 existing clean rooms according to ISO8, FDA and FSSC 22000 Standards.
- Construct according to the insurance company requirements (Clean room materials, Fire system and layout, electrical & Safety requirements).
- New machinery purchase planning, follow-up logistics management (Delivery time, Transfer, Testing, Customs Importation, Installation & Start up).
- Warehouse racks and machinery purchase, transfer of current equipment and adjustments in order to comply with FDA, FSSC 22000 Standards and CTPAT standards.
- Computer site equipment purchase and installation as well as voice/data and control access installation in all areas needed (office's, production, warehouse, maintenance and security guard boot)

2.- PRIME WHEEL MEXICO S.A. DE C.V. (2018-2022).

Type: Aluminum Wheel fabrication

Position: **Process Engineer.**

Achievements in Prime Wheel.

- Restructure, organize and standardized production process in paint line.
- Increase efficiency from 70% to 91% in paint line (Powder Coating [primer and clear coat] & liquid paint [Solvent & water base] paint types).
- New tools and equipment and line maintenance plan development in order to eliminate waste and time in the paint line.
- Reduce customer complaints in 80% in packaging line.
- Packaging lines layout modification to eliminate defects.

3.- GOLDEN DOUGHNUTS ENTERPRISES LLC Inc. (2012-2017) COLUMBUS, GEORGIA U.S.A.

Type: Donut manufacturing and delivery.

Position: **Industrial Engineer Technician (NAFTA).**

Achievements in Golden Donut.

- Increase Sales by re-design corrugated boxes, packaging method and truck loading distribution method.
- Implement Kanban inventory system in warehouse determining min/max in each supply's and arrange with suppliers the delivery of goods in order to avoid shortage.
- Improve logistics by finish goods inventory follow up and develop truck loading plan according to the delivery plan.
- Warehouse Layout improvement and maintenance plan development.

4.- MERIT STAMPING (Before ASK INDEX S.A de C.V.) (2006-2011).

Type: Metal Parts Hard Tool Stamping.

Position: **Quality/Process Engineer.**

Achievements in ASK Index.

- Implement fixtures, gages and fool proof systems in order to reduce customer complains up to 50%.
- New product launching according to ISOTS 16949:2002 standards (APQP, PPAP, PFMEA, PCP).
- Process inspection and process method making according to customer specifications.
- Production cost reduction by analyzing and testing Process Equipment's (\$60,000 dls Savings in 1.5 years).
- Quality system documentation and records managements for customer and or system audits.

5.- Pioneer Speakers S.A. De C.V. (2002-2006).

Type: Assembly Speakers, Paint (Liquid & Powder) & Metal Stamping Division.

Position: **Product/Process Engineer & Quality Superintendent.**

Achievements in Pioneer Speakers.

- Lower Customer Complains to 33% (11 Customers).
- New Product Launching According to the ISO/TS16949:2002 System.
- Fixture, Poke Yoke, Work Method and Log Creation for Every New Product Launching.

6.- Kyocera Mexicana S.A. De C.V. (1999-2002).

Type: Assembly of Fiber Optic Jumper Cables & Arthroscopic Medical Products.

Position: **Process Engineer.**

Achievements in Kyocera Mexicana.

- Created Production Documentation, Quality Controls Logs & Training Systems For New Medical Arthroscopic Business.
- Reduce Quality Rejections In 30% For Scratches in Fiber Optic in the Polishing Process.
- Increase 33% Production by Implementing Process Controls.

7.- Baja Oriente S.A. de C.V. (1994 – 1999).

Type: Aluminum Foundry and Machining for Automotive Parts.

Position: **Process / Product Engineer.**

Achievements in Baja Oriente.

- Compressor Housing & Back Plate Machining Lines Transfer from La Mirada Cal. to Ensenada B.C.
- Increase Wheel Foundry Production 20% by Creating a Mold Temperature Monitoring System.
- New Product Launching and Making Documentation According To the QS-9000 System (Flow Chats, Process Control Plans, Process Specifications, Work Instructions, Visual Aids, PFMEA) and Training the Personal on Them.

Knowledge

- Course in Statistical Process Control.
- Course in Problem Solving de Using he 8D's Technique.
- Course in Mistake Proofing (Poke-Yoke).
- Course in Toyota Production System.
- Course in Changes and Induction to the ISO/TS 16949:2002 Quality System.

Experience

- Experience in metal stamping (Die Stamping) process.
- Experience in powder coat process for metal products.
- Experience in liquid paint process for metal & plastic products.
- Experience in assembly lines (Fiberoptic, Medical, Metal & Plastic) process.
- Experience in packaging design.

Skills

- Line Balance and Lay Outs.
- **APQP** (Flow Chart, PCP & PFMEA) and **PPAP** Documentation Making.
- Making Procedures and Work Instructions According to the **ISO/TS 16949:2002 Standards.**
- Experience in New Product Launching & Line Transfer.
- Cost Reduction Focused.

General Characteristics

- Bilingual (English 95%, Write and Spoke).
- Team Worker.
- Training Skills.
